MEAL INFORMATION:

Due to the logistics of ordering food on the island, it is difficult for the chef to accommodate last-minute dietary or birthday "surprises" upon the school's arrival. Please assist us by obtaining the information below. The medical release forms should be consulted for food allergies. Please collect these at an early date so that you will have the appropriate information. The Assistant Program Director will call two weeks prior to your arrival for this information. We can offer no assurance after this time. *If a student's condition is relatively complex, please have a parent call us.*

- **Number of vegetarians**
- **Number of vegans**
- **Number of gluten-free**
- **Number of non-dairy, lactose intolerant students**
- **Dietary allergies (peanuts, eggs, etc.):**

- **Birthdays while at camp:**

- **Sack lunches provided by CIMI on the day of departure.**

- **NOTE:** Please discourage extra snack foods in packed in luggage as foxes and ravens will get into bags before they are retrieved by campers.

MEDICAL INFORMATION:

Please double-check to ensure students have all necessary prescriptions with them! If this is your first visit and you have any concerns about a student’s condition, please call the CIMI Program Office for assistance.

**Health Forms:**
- Parents signed the bottom
- Health forms filled out for attending adults as well
- Asthmatics - _All students with asthma must bring inhalers_
- Fatal Allergies (bee stings, peanuts, poison oak, etc.): __________________________
- Epipens: __________________________
- Diabetic (may bring snacks): __________________________
- Wheel Chairs: __________________________
- Broken Bones: __________________________
- Other: __________________________
- Bring ALL students’ medical forms (If you need copies, please make them at school ahead of time)

**FINAL REVIEW:**

- Chaperones need to be active participants in all activities including snorkeling, kayaking and hiking.
- Remember to divide the groups and do tent assignments before arriving at Cherry Cove.
- Students should know group and tent assignments prior to arrival. A list of these details should be given to your group’s personal program coordinator (PC).
- Chaperones are responsible for students during free time

- **REMEMBER!** Asthmatics students will not be allowed to participate without an inhaler. You will be responsible for dealing with parents, doctors, and pharmacists to get inhalers to the island – not us! Do not forget to double check – this can be a life & death issue!
